

“Genesis of lists, select agents, relevance of pest lists to funding”

*Coanne O'Hern
USDA-APHIS-PPQ
Riverdale, MD*

Pest lists under development with:

- Entomological Society of America
- Weed Science Society of America
- American Phytopathological Society
- American Malacological Society
- Society of Nematologists
- Acarological Society of America

Other Pest Lists

- The APHIS Regulated Pest List
- The CPHST List
- Exotic Forest Pest List
- Interception Data
- Pest Risk Assessments(PRA) and other biological/survey information
- Eastern Region Exotic Pest Committee
- Noxious Weed List

Pests on the "lists"

- Several hundred pests on regulated pest list
- Ranked all them by how many times they appeared on a list
- How many interceptions for each
- Narrowed down to 30 pests
- Then down to 18 or so
-

Pest Lists

National Leadership in use of pest lists consists of:

- Use of EAN, SITC and PIN-309 databases
- Regulated Pest list
- Use of various lists from Professional groups
- Availability of pest biological data

Future Lists

- Development of commodity based lists (need to get state comm. input)
- Reg. CAPS Comm. to supply support for flexibility in states survey list where possible
- GPDD; share data sheets with others
- Future—use of off-shore pest information

Future lists

- Need input from the states
- Need input from the Regions
- Prioritization of criteria for FY 2005 list
